

2nd

INTERNATIONAL FORUM “PROMOTING SMART CITIES-CHALLENGES & OPPORTUNITIES”

*Adriapol Institute in collaboration with
"Marin Barleti" University of Tirana organize on
November 6th and 7th,*

the second International Forum on "Smart City".

*The objective of the forum is to gather and share ideas, knowledge,
experiences and best practices among researchers,
public authorities and professionals that will merge into a vision of a smart
city for sustainable and intelligent development.*

*It is aimed to provide a unique and interactive dynamic platform for
discussion and challenging debates on the issue by bringing together a
multiplicity of local and international public and private bodies and
organization.*

*The forum organizes the following discussions and presentations around five
main dimensions that constitute a **SMART CITY**:*

- *Smart Growth*
- *Smart Governance - Economic Diplomacy*
- *Smart People - Community Schools*
- *Smart City*
- *Smart Working and Living*

*Looking forward meeting you,
Organizing Committee
