

Erdeta is a Training Coordinator with a high academic background and experience not only in educational systems such as Marin Barleti University, University of Tirana and University of Elbasan “Aleksandër Xhuvani”, but also experience in some of the most well-known companies in Albania. Graduated with a Master's Degree in Computer Sciences from Faculty of Natural Sciences at University of Tirana (2011-2013), Erdeta has contributed as a Specialist of Electronic Services Update at National Agency for Information Society (AKSHI) for more than 2 years managing and coordinating workflow in this sector. Erdeta has also worked as Quality Assurance Specialist in the same institution, a position which she later on continued at Ritech Group of Companies. With her experience as QA Specialist and her detail oriented skills and work integrity morals, Erdeta is a true believer that “quality is better than quantity”. She possesses strong communication and organizational skills. She loves what she does and is always open to new areas and technologies.
